An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The first sentence of the specification was changed to read as follows:

--This is a division of Serial No. 10/083,234, filed February 26, 2002 and now U.S. Patent Number 6,820,294.--

The above change corrects a typographical error made in the Examiner's Amendment of 03/24/2005, in which the incorrect Patent Number was entered.
